CONGRESSWOMAN ALLYSON Y. SCHWARTZ MAKES VISIT TO ARBILL SAFETY HEADQUARTERS

PHILADELPHIA – Congresswoman Allyson Y. Schwartz made a special visit to Arbill Safety on April 17 to learn more about the Philadelphia-based supplier of safety products, meet employees and share her insights on how Arbill can gain more business from the government sector.

U.S. Rep. Schwartz, who serves on the House Budget and Transportation committees, met with CEO and President Julie Copeland to discuss Arbill and the role it can play in federal, state and local business. She also toured the Drummond Road facility and met employees.

“We were honored that U.S. Rep. Schwartz took time out of her busy schedule to meet with us as we aspire to develop contacts within the government agencies,” said Ms. Copeland. “Her direction and support will be very valuable to Arbill as we continue to grow.”

U.S. Rep. Schwartz is serving her first term representing the 13th District of Pennsylvania, which stretches from Northeast Philadelphia to Abington Township to the western part of Montgomery County. During her more than three decades of public service, U.S. Rep. Schwartz has built a national reputation as an innovative leader. She led the effort to create the Pennsylvania State Children’s Health Insurance Program, which later served as a national model for a state/federal/family partnership to increase the number of children with health insurance.

About Arbill Safety

Arbill Safety is North America’s single safety solution. Headquartered in Philadelphia with additional locations, the company is committed to providing customers with quality safety products and services along with the support they need to manage their supply chain effectively, save on costs and remain in compliance. Arbill, founded in 1957, is one of the top 100 industrial distributors in North America, and ISO 9001 certified. The company is certified by the Women’s Business Development Center as a national Women’s Business Enterprise. Visit online at www.arbill.com.
